Profile

I am a passionate and dedicated PHP Laravel Developer with over 2 years of experience in building scalable and user-focused web applications. My expertise includes full-stack development, with a strong focus on Laravel-based solutions.

Currently, I work as a WordPress Developer at the Information Technology Centre (ITC), Anand, contributing to institutional and commercial software projects. Alongside, I provided freelance Laravel development services to DIGITriv / DIGIMatte Techno, Ahmedabad.

Previously, I gained hands-on experience at Krupa Info Service, working on Vtiger CRM modules, and at Windzoon Techno Pvt Ltd, where I developed Laravel-based projects like e-commerce platforms and a Facebook clone.

I hold a BCA degree, have completed an ITI Copa Course, and a professional course in PHP with Laravel. I'm fluent in English, Gujarati, and Hindi, and passionate about learning and delivering high-quality software solutions.
